Subject: RE: Hopi Arsenic Mitigation Project MOA-BIA

Hello Lionel,

Thank you for keeping us in the loop on your efforts to reengage with BIA. We discussed this issue briefly on our call yesterday (HUC, IHS, EPA) and IHS expressed that they would like to see a commitment from BIA for not just the planning costs contained in this MOA (\$150k) but also a commitment from BIA/BIE for the capital costs associated with connecting the BIA/BIE facilities to the HAMP. Eric stated that the estimated construction cost is on the order of \$5M-\$8M to connect these facilities to the HAMP.

I'd recommend touching base with Eric on this issue. Thanks,

Emmanuelle

Emmanuelle,

We are trying to reengage with BIA on the MOA that has been sitting for a while at their solicitors office. Just wanted you to have a copy of the correspondence.

Lionel
